

TAKING PLANT ORDERS 2024—HEIRLOOM TOMATOES AND PEPPERS AND BASIL

We're sending this email to our entire customer list. Many of you haven't heard from us for a while. We will deliver plants to Des Moines and schedule on-farm pick-ups.

Heirloom Tomatoes, Peppers, and Basil are ready to order. We've started plenty of plants this year. Feel free to share this with friends and family.

To order plants, please send an email to farm@coyote-run-farm.com. You can list plants in the email or reply to this email and mark the plants you want (and the number). You can also download the PDF from our website and use that form to mark the number of plants you want of each variety. www.coyote-run-farm.com

We are planning to deliver to Des Moines on May 4, May 8, and May 11. You can also schedule a time to pick up your plants at the farm.

All plants will be \$4 each or a full flat of 18 plants for \$66 (\$3.50 each after first 18).

Please order your plants ASAP to help us organize our sales and to ensure we are able to fill your order. We will fill orders on a first come basis based on when we receive your order. The sooner you get your order in the more likely we'll be able to fill it completely. We don't recommend planting until Mother's Day. All plants will be in 4 inch pots so you should be able to keep them healthy until planting time.

You are welcome to share this order form and pricing with others. People can find more information about us on our website www.coyote-run-farm.com.

We've marked where we got our seeds after the name of each plant. ss- Seedsavers Exchange; tf- Tomato Fest; j- Johnny's Seeds. You can Google the plant name and the company name for photos and more information. If you are looking for something not on the list, please let us know.
